FREEDMEN'S BUREAU PRESERVATION PROJECT

This National Archives microfilm publication is part of a multiyear project to microfilm the field office records of the Bureau of Refugees, Freedmen, and Abandoned Lands (Freedmen's Bureau). The project was made possible by the United States Congress through The Freedmen's Bureau Records Preservation Act of 2000 (Public Law 106-444). When completed, all of the field records for the States of Alabama, Arkansas, Delaware, Florida, Georgia, Kentucky, Louisiana, Maryland, Mississippi, Missouri, North Carolina, South Carolina, Tennessee, Texas, Virginia, and for the District of Columbia will be available on microfilm. For microfilm availability and description, view both the microfilm catalog *Black Studies: A Select Catalog of National Archives Microfilm Publications* and the National Archives microfilm locator on our web site at *www.archives.gov*.

INTRODUCTION

On the 42 rolls of this microfilm publication, M1906, are reproduced the records of the Maryland and Delaware field offices of the Bureau of Refugees, Freedmen, and Abandoned Lands, 1865–1872. These records consist of bound volumes and unbound records, containing materials that include letters and endorsements sent and received, orders and circulars, monthly reports, and other records relating to freedmen's complaints and claims. These records are part of the Records of the Bureau of Refugees, Freedmen, and Abandoned Lands, Record Group (RG) 105.

HISTORY AND ORGANIZATION

The Bureau of Refugees, Freedmen, and Abandoned Lands, also known as the Freedmen's Bureau, was established in the War Department by an act of Congress on March 3, 1865 (13 Stat. 507). The life of the Bureau was extended twice by acts of July 16, 1866 (14 Stat. 173), and July 6, 1868 (15 Stat. 83). The Bureau was responsible for the supervision and management of all matters relating to refugees and freedmen, and of lands abandoned or seized during the Civil War. In May 1865, President Andrew Johnson appointed Maj. Gen. Oliver Otis Howard as Commissioner of the Bureau, and Howard served in that position until June 30, 1872, when activities of the Bureau were terminated in accordance with an act of June 10, 1872 (17 Stat. 366). While a major part of the Bureau's early activities involved the supervision of abandoned and confiscated property, its mission was to provide relief and help freedmen become self-sufficient. Bureau officials issued rations and clothing, operated hospitals and refugee camps, and supervised labor contracts. In addition, the Bureau managed apprenticeship disputes and complaints, assisted benevolent societies in the establishment of schools, helped freedmen in legalizing marriages entered into during slavery, and provided transportation to refugees and freedmen who were attempting to reunite with their family or relocate to other parts of the country. The Bureau also helped black soldiers, sailors, and their heirs collect bounty claims, pensions, and back pay.

The act of March 3,1865, authorized the appointment of Assistant Commissioners to aid the Commissioner in supervising the work of the Bureau in the former Confederate states, the border states, and the District of Columbia. While the work performed by Assistant Commissioners in each state was similar, the organizational structure of staff officers varied from state to state. At various times, the staff could consist of a superintendent of education, an assistant adjutant general, an assistant inspector general, a disbursing officer, a chief medical officer, a chief quartermaster, and a commissary of subsistence. Subordinate to these officers were the assistant superintendents, or subassistant commissioners as they later became known, who commanded the subdistricts.

The Assistant Commissioner corresponded extensively with both his superior in the Washington Bureau headquarters and his subordinate officers in the subdistricts.

Based upon reports submitted to him by the subassistant commissioners and other subordinate staff officers, he prepared reports that he sent to the Commissioner concerning Bureau activities in areas under his jurisdiction. The Assistant Commissioner also received letters from freedmen, local white citizens, state officials, and other non-Bureau personnel. These letters varied in nature from complaints to applications for jobs in the Bureau. Because the assistant adjutant general handled much of the mail for the Assistant Commissioner's office, it was often addressed to him instead of to the Assistant Commissioner.

In a circular issued by Commissioner Howard in July 1865, the Assistant Commissioners were instructed to designate one officer in each state to serve as "general Superintendents of Schools." These officials were to "take cognizance of all that is being done to educate refugees and freedmen, secure proper protection to schools and teachers, promote method and efficiency, correspond with the benevolent agencies which are supplying his field, and aid the Assistant Commissioner in making his required reports." In October 1865, a degree of centralized control was established over Bureau educational activities in the states when Rev. John W. Alvord was appointed Inspector of Finances and Schools. In January 1867, Alvord was divested of his financial responsibilities, and he was appointed General Superintendent of Education.

An act of Congress, approved July 25, 1868 (15 Stat. 193), ordered that the Commissioner of the Bureau "shall, on the first day of January next, cause the said bureau to be withdrawn from the several States within which said bureau has acted and its operation shall be discontinued." Consequently, in early 1869, with the exception of the superintendents of education and the claims agents, the Assistant Commissioners and their subordinate officers were withdrawn from the states.

For the next year and a half the Bureau continued to pursue its education work and to process claims. In the summer of 1870, the superintendents of education were withdrawn from the states, and the headquarters staff was greatly reduced. From that time until the Bureau was abolished by an act of Congress, effective June 30, 1872, the Bureau's functions related almost exclusively to the disposition of claims. The Bureau's records and remaining functions were then transferred to the Freedmen's Branch in the office of the Adjutant General. The records of this branch are among the Bureau's files.

THE FREEDMEN'S BUREAU IN MARYLAND AND DELAWARE

ORGANIZATION

In June 1865, Comm. Oliver Otis Howard appointed Col. John Eaton as the Assistant Commissioner of the District of Columbia, which included Maryland, the District, the city of Alexandria, and the neighboring Virginia counties of Fairfax and Loudon. On September 27, 1865 (Special Order Number 77), Commissioner Howard appointed Lt. Col. William P. Wilson as acting Assistant Superintendent

for Maryland. Wilson served until March 30, 1866, and was then replaced by Bvt. Maj. Gen. George J. Stannard, who became the first Assistant Commissioner for Maryland. Stannard's headquarters was at Baltimore. His command included all of the state, except the counties of Calvert, Charles, Montgomery, Prince Georges, and St. Marys, which were under the control of the Assistant Commissioner of the District of Columbia. In early summer 1866, six counties in Virginia and two in West Virginia, known as the Shenandoah Division, were added to the Maryland Command (transferred to the Virginia command in the following September). By July 1866, Bvt Maj. Gen. Francis Fessenden replaced Stannard, and served for 1 month before he was replaced by Bvt. Maj. Gen. Edgar M. Gregory. On January 16, 1867 (Special Order Number 7), Maryland's jurisdiction was expanded to include Delaware. Bvt. Brig. Gen. Horace M. Brooks replaced Gregory in January 1868, and by August 1868, Bureau affairs relating to Maryland and Delaware were reassigned to the Assistant Commissioner for the District of Columbia. A subassistant commissioner, Fred C. von Schirach, remained in Baltimore until December 1868. A claims agent remained in Baltimore until 1872.

ACTIVITIES

Unlike its operations in states of the Deep South where providing relief, supervising labor contracts, and the administration of abandoned property was of primary concern, the Bureau's activities in Maryland and Delaware and other areas under its jurisdiction centered largely on freedmen education, the administration of justice, and veterans' claims.

The Freedmen's Bureau's efforts to provide education for freedmen in Maryland was hampered by a system of illegal apprenticeship of school-age children. In direct conflict with the Civil Rights Act of 1866 (14 Stat. 27), black children were being bound to their former owners for indefinite periods of time with the help of Maryland government officials. An estimated 10,000 black children were bound out as apprentices between 1864 and 1867. The Bureau, however, through writs of *habeas corpus* and other court actions, fought vigorously to have these children released. By 1868, the intense efforts of the Bureau had largely ended the apprenticeship system in Maryland.[1]

Although the illegal apprenticeship system hindered the Bureau's educational activities in Maryland, the agency still managed to provide assistance with the construction and repair of school buildings and protection of and transportation for teachers. To increase its visibility and to gauge the interest of freedmen in establishing schools, Maryland and District of Columbia Bureau officials traveled

to various counties, holding meetings on the benefits of education and the agency's intention to provide aid for schools. In addition, the Bureau worked closely with private benevolent societies, such as the Baltimore Association, the American Missionary Association, and the Freedmen's Union Association, to sustain freedmen schools in spite of intense and often violent opposition from whites. From October 1867 to October 1868, the Bureau provided aid and assistance to some 80 schools in Maryland.[2]

Although the black population in Delaware and West Virginia was small, and Bureau operations in these states were limited, the agency still managed to provide noteworthy assistance for freedmen education. In Delaware the Bureau assisted in the construction of several freedmen schools. The agency also provided aid to various civic groups and benevolent societies, especially the Delaware Association for the Moral Improvement and Education of the Colored Race, which maintained some 23 schools in various parts of the state. West Virginia maintained a system of free education. However, whites controlled funds for schools and employment of teachers, and schools for blacks and whites remained separate, as required by law. Bureau officials, nonetheless, worked closely with the West Virginia superintendent of free schools in the establishment of schools for freedmen. As in Maryland, Bureau officials traveled throughout West Virginia counties, advising freedmen of their support and plans for building schools. Similar to other areas under its jurisdiction, the Bureau supplied funds for buildings, and teachers were generally paid from public funds, contributions from blacks, and aid from benevolent societies. By 1868, with cooperation mostly from freedmen themselves, the Bureau was able to establish 9 schools in West Virginia.[3]

Safeguarding rights and securing justice for freedmen was of paramount concern to the Freedmen's Bureau. Following the Civil War, several Southern states enacted a series of laws commonly known as "black codes," which restricted the rights and legal status of freedmen. Freedmen were often given harsh sentences for petty crimes and in some instances were unable to get their cases heard in state courts. In a circular issued by Commissioner Howard on May 30, 1865, Assistant Commissioners were authorized, in places where civil law had been interrupted and blacks' rights to justice were being denied, to adjudicate cases between blacks themselves and between blacks and whites. In the District of Columbia and Maryland, the civil process of law had not been interrupted, and unlike many areas of the South under the Bureau's jurisdiction, no freedmen's or provost courts were in operation. The Bureau did however, provide legal assistance to freedmen in civil and criminal cases in both the District of Columbia and Maryland. This was done especially in instances where freedmen lacked counsel and in cases where Bureau officials felt that freedmen were wrongly convicted or imprisoned. In 1868, the Assistant

Commissioner for the District reported that of the nearly 900 cases handled by his office, a large percentage involved incidents in Maryland.[4]

In accordance with a law passed by Congress on March 29, 1867 (15 Stat. 26), making the Freedmen's Bureau the sole agent for payment of claims of black veterans, Bureau disbursing officers assisted veterans and their heirs in the preparation and settlement of claims. To administer claims, the Bureau established a Claims Division. This office was abolished in 1868, and most of the activities of the Maryland Bureau relating to claims were then centered in Baltimore, MD, where two full-time disbursing officers were assigned to settle and pay veterans claims. At the Baltimore office, the Bureau handled claims for Maryland, Delaware, and other areas under its jurisdiction. In 1868 Bureau agents disbursed more than $10,000 for military claims.[5] The Bureau maintained registers and files for claimants for payments of bounty, back pay, and pensions. These records often contain the name, rank, company, and regiment of the claimant; the dates the claim was received and filed; the address of the claimant; and remarks.

RECORDS DESCRIPTION

These records consist of volumes and unbound records. The volumes reproduced in this microfilm publication were originally arranged by type of record and thereunder by volume number. No numbers were assigned to series consisting of single volumes. Years later, all volumes were assigned numbers by the Adjutant General's Office (AGO) of the War Department after the records came into its custody. In this microfilm publication, AGO numbers are shown in parentheses to aid in identifying the volumes. The National Archives assigned the volume numbers that do not appear in parentheses. In some volumes, particularly in indexes and alphabetical headings of registers, there are blank numbered pages that have not been filmed.

The volumes consist of letters and endorsements sent and received, registers of letters received, unregistered letters received, general and special orders and circulars received, registers of claimants for bounties and pay arrearages, and registers of complaints of illegal apprenticeships. The unbound documents consist of letters and orders received, unregistered letters received and narrative reports received, special orders and circulars issued, general and special orders and circulars received, and other series.

Sir.

In reply to yours of 20th inst. I have to say that the address of the Officer named, is not in my possession. Neither can it be obtained from the Adjt. Genls Office in Washington D.C. as that Department refuses to give such information when required to facilitate the prosecution of claims against the Govt. If the pension claim is suspended or incomplete for want of evidence as to disability is it better that Claimant should not know any Officers address as he can then communicate nearer to his inability to obtain such evidence and forward it instead of same. The next class of evidence which is accepted by the Pension Office viz; The evidence of two Comrades, whose Companies & Regiments must be named and who must state from actual personal (eye sight) knowledge the facts connected with

with reception of wound. They must also swear to their present interest in the claim and claimant must first swear as to his ~~inability~~ inability to obtain Com'd Officers evidence. I will be happy to assist in any way, and perhaps (if you find Comrades) it would be better to send me the Affidavit by mail, before execution and I can see whether it is correct in form.

Sir:

Referring to your letter of the 20th instant, requesting the address of a certain late officer of N. S. Colored Troops, to be used by a discharged soldier in aid of a claim for pension, I have respectfully to inform you that under the rules of the Department your request cannot be complied with.

The claimant should file with the Commissioner of Pensions, such evidence as he may be able to produce without reference to this office for aid, and upon reference of the papers by the Commissioner to the Adjutant General, the officers of the Company and regiment to which the soldier belonged, will be communicated with, if necessary, by this office.

Your communication in reference to Elias Harris late of Co. H. 80 Pa. Inf. has been rec'd. I am unable to give any information regarding said Harris at present. I recollect there being such a man but have entirely forgotten the circumstances or cause of his death. Having been in command of the Regt. during much of the last year of our service, and having but a poor memory at best, with no documents to refer to as a reminder will in some measure account for this.

If you have access to the Muster and Payrolls of the Co. or the Muster Out Rolls and could quote the remarks opposite Harris's name I have no doubt I could recall the desired information and would cheerfully fill up the blank both, but at present do not feel capable of so doing.

When colored people cannot prove marriage - evidence of cohabitation is accepted.

Have the papers sworn to & correctly filled up in ink & return them to me. Swear to them before a Justice of the Peace only.

City of Baltimore } S.S.

On this 10th day of October 1871 personally appeared before me a Justice of the Peace, sitting for the City and State aforsaid Zachariah White, who being duly sworn according to law, doth upon his oath declare.

That he is fifty four years of Age, and resides about 2 miles from Prince Frederick, Calvert County, Md. and was born, raised, and has lived in Calvert County all his life. That he was until the proclamation of Freedom, the slave of Miss. Eliza A Worsell, who lived on Hunting Creek, adjoining Huntingtown Village, five miles from New Church, Mrs. Susan Wilkinson, who was formerly Mrs. Susan Gant, and before that was Miss. Susan, lived on her farm on Hunting Creek, five miles from Huntingtown Village, about ten miles from her farm on Hunting Creek, she had a farm which was at the New Church, That Mrs. Ellen Hawkins was the slave of the said Mrs. Susan Wilkinson, and Henry Hawkins Sr. was the Slave of Mr. Edward [redacted]. Moulton, and that while belonging to these persons, they had a Son whom they also named Henry Hawkins, and who was then the slave of Mrs. Susan Gant, afterwards named Mrs. Susan Wilkinson,

That affiant knew the Parents intimately and well and also the Son, Henry Hawkins Jr. from the time of his birth, up to the time of his entering the United States Service, & about Seven years after the birth of Henry Hawkins Jr. his Mother Ellen Hawkins was set free, and on her arriving at the age of 21 she was set free; this was about the year 1856. And the Father who belonged to the said

Mr Edward Moulton was not set free, until the proclamation of freedom was issued, and in the month of March 1864. affiant and Henry Hawkins Jr: left Calvert County and came to Baltimore City, Md. and both enlisted at Camp Belger, on the same day (22: March 1864) - both as privates of Co "D" 39th U.S.C.T. - and while at said Camp in April of same year, affiant was transfered to the U.S. Navy, and Henry Hawkins continued as a member of Co "D" 39th U.S.C. Troops, and died in said Service.

That affiant knows from having lived so near Henry Hawkins Jr: from the date of his birth to the date of his entering the United States Army, and from his continual intercourse with him and his parents, and every person in his neighborhood for miles around, that Henry Hawkins Jr: was never married, nor acknowledged any woman as his wife, or not a single occasion, nor cohabited, nor had Children by any; that it was never said to his knowledge, before deceased enlisted, or since, that deceased was ever married, or that any woman claimed to be his wife, or that any child or children were spoken of as deceased's child or Children, nor spoke or claimed to be.

That when Mrs. Susan Grant, [redacted] married Mr Wilkinson, she gave up her farm on Hunting Creek, near Prince Frederick to her son. Mr Daniel Grant, who gave Mrs. Ellen Hawkins a small piece of land, with a house on it, for her to live and, which was a part of that Gentleman's farm, and after her son Henry Hawkins Jr: was freed, he came and lived with his Aged Mother on this place, (she is now eighty-one years of age) and assisted in her support by

working for the neighbors and buying necessaries
for herself and Mother - and after were both living
in this place Mother and Son together when de-
ceased entered, and Affiant further sweare that
deceased could not have been married, nor Co-
habited with any woman sufficiently for any one
to dream of this being married, as from the
date he was freed at 21 years of age, from
the date he enlisted he was alone with his
Mother, going and coming from his work, morn-
ing and night, and Affiant further sweareth that
he knows the facts before mentioned to be true
in every particular, and he has no interest in
this affidavit, direct or indirect.

It is absolutely necessary that you come here to my office, at once in connection with your claim for Bounty &c, as guardian of Henry Hawkins children.

The claim for heirs of Henry Hawkins, decd. Pvt. Co. D. 39th U.S.C.T. has been settled, and the money is here awaiting investigation as to whether you or the mother are the proper heir.

I will give you seven (7) days in which to appear here bringing with you evidence and proof, showing the Henry Hawkins, for whom you claim, to have belonged to Co. "D." 39th Regt. U.S.C.T. and unless you come here within that time, I shall pay the amount to the mother.

I wrote to William and James Smallwood, to have them state how they know your Henry Hawkins

belonged to Co. "D." 39th. I have received no reply - and I shall expect you to furnish the very strongest proof as to your heirship at once, if you do not, the money goes to the mother.

Dear Captain. The bearer is Jesse Isaacs, wants to return home to-morrow morning.

I have questioned him, think he is entitled as guard. and that the other party, if anything corroborate his story-

I thought it was advisable to send him & the papers to you for examination. I told him to go back to his home & to return here Thursday next, bringing with him letters rec'd from Henry Hawkins while in the Army-(showing Co. D. 39th U.S.C.T.) & also to bring witnesses (comrades to prove service)

The wife of Hawkins received State Bounty from T. T. & Co. for Co. D. 39th U.S.C.T.

Case is intricate, please bring your Websterian intellect to bear on it..

The enclosed letter you must hand to Rev. Wm Howell, I dont know where he lives, but you must take it to him & he will read it, and give you an answer in writing, which together with evidence proving Henry Hawkins to have been in Co. D. 39th Regt & also a letter from Judge Dickerson (if living) stating that Henry Hawkins who married Sarah Wallice, was his slave, & that he knows of their marriage.

Also bring Smallwood or his Discharge with you, and bring all letters and papers about Henry Hawkins that you have - especially any letters your wife received from Henry while he was in the Army.

This is a good deal to do, but you must do it in order to prove your claim. If you cannot attend to it all by next Thursday, then wait until Thursday a week, but then you must without fail, come here to my office

and bring the above evidence with you.
I believe your claim to be good, but you must bring the best evidence to prove it, as the other party have also evidence.
If Rev. W. Nowell can prove he married Henry Hawkins (slave of Judge Wickerson) to your wife - and Judge Wickerson can also prove it - and 2 men who knew Henry Hawkins and were in the Army with him - can swear he was in Co. D. 39th Regt. - then your claim is the best, and the evidence of the others will be worth nothing.
Now go at the thing with a will.

U. S. Sanitary Commission

ARMY AND NAVY CLAIM AGENCY,

242 F Street, Washington, D. C., April 1, 1867.

To Mrs Martha A. Hayes
Piatt Co Ill

There are now pending in the Government Departments over [illegible] Claims for Pensions, Arrears of Pay, Bounty, &c., which have been filed through the Army and Navy Claim Agency of the U. S. Sanitary Commission.

The Commission, having carried on its work for nearly six years, and not having sufficient funds to maintain its entire organization during the long period which must elapse before all these claims are finally settled, is constrained to bring its affairs to a close, and render its final report.

With the view to accomplish this object, and at the same time secure the interests of claimants, it has effected an arrangement with Messrs. W. F. Bascom and C. W. Seaton, No. 242 F Street, Washington, D. C., who have had charge of these claims for the last eighteen months—the former as General Agent, and the latter as Chief Clerk of the "U. S. Sanitary Commission Army and Navy Claim Agency"—whereby all unsettled claims, now pending, which have been filed through its agency, will be carried through by them to completion, without charge to claimants.

Under this arrangement, therefore, a settlement of your claim, now pending, for Invalid will be effected WITHOUT CHARGE TO YOU, and with as little delay as possible, unless you advise us to the contrary.

You will please acknowledge the receipt of this circular by signing the enclosed blank, and returning same to this office.

JNO. S. BLATCHFORD, General Secretary,
U. S. SANITARY COMMISSION.

Washington April 17. 1868

Respectfully returned with information that your claim is wanting Evidence in compliance with Circular 9 inclosed.

V. F. Barcene.

With Evidence please return the circular. It must be proved that the disease which caused the Soldiers death, originated in U.S. Service & in line of duty

U. S. Sanitary Commission

ARMY AND NAVY CLAIM AGENCY,

242 F Street, Washington, D. C., April 1, 1867.

To Mrs J. Hopps
Baltimore Md.

There are now pending in the Government Departments over 12,000 Claims for Pensions, Arrears of Pay, Bounty, &c., which have been filed through the Army and Navy Claim Agency of the U. S. Sanitary Commission.

The Commission, having carried on its work for nearly six years, and not having sufficient funds to maintain its entire organization during the long period which must elapse before all these claims are finally settled, is constrained to bring its affairs to a close, and render its final report.

With the view to accomplish this object, and at the same time secure the interests of claimants, it has effected an arrangement with Messrs. W. F. Bascom and C. W. Seaton, No. 242 F Street, Washington, D. C., who have had charge of these claims for the last eighteen months—the former as General Agent, and the latter as Chief Clerk of the "U. S. Sanitary Commission Army and Navy Claim Agency"—whereby all unsettled claims, now pending, which have been filed through its agency, will be carried through by them to completion, without charge to claimants.

Under this arrangement, therefore, a settlement of your claim, now pending, for Pension will be effected WITHOUT CHARGE TO YOU, and with as little delay as possible, unless you advise us to the contrary.

You will please acknowledge the receipt of this circular by signing the enclosed blank, and returning same to this office.

JNO. S. BLATCHFORD, General Secretary,
U. S. SANITARY COMMISSION.

Army and Navy Claim Agency,

242 F Street,

Washington, D. C., April 1, 1867.

By special arrangement with the United States Sanitary Commission, the claims filed through its "Army and Navy Claim Agency" in this city, now pending in the Governmental Departments, have been committed to us for prosecution to final adjustment without charge to applicants. We shall continue to give to them all due attention and endeavor to effect a settlement in every case as speedily as possible.

We purpose, also, in accordance with an understanding had with the Commission, to receive new claims, on our own account, charging only legal and moderate fees. Many persons are entitled to pensions, bounties, or other allowances, for which they have not yet applied; and all, who wish us to prosecute their claims, can have applications duly prepared and sent to them for execution, on filling out and returning to us blank circulars, which will be forwarded to them on request.

We have settled in the last eighteen months over 25,000 claims, and intend that no application shall fail in our hands for lack of prompt and vigorous prosecution.

Address us at 242 F Street, Washington, D. C.

STATE OF Maryland
COUNTY OF Dorchester } ss.

On this 26th day of October, A. D., 1870, before me, a Clerk of the Circuit Court in and for the County and State aforesaid, duly authorized to administer oaths, personally appeared Edward C. Seward residing at Cambridge County of Dorchester and State of Maryland and Richard Davis residing at Cambridge County of Dorchester and State of Maryland, persons whom I certify to be credible witnesses, and, being duly sworn, declare that they are, and have been for the last 10 years last past, well acquainted with Rosa Jackson, an applicant for a mother's pension, and with John S. Jackson, deceased, late a Private of Company E, 4th Regt. M.S.C.I., and know said applicant to be the mother of said deceased, and that said deceased died leaving neither wife nor minor child; that on or about the 10th day of October, 1864 the father of said deceased, the husband of claimant died at or near Cambridge of Where he died not he was removed from this place where he was wounded but we heard him after he was wounded

State here whether the father died or abandoned the mother, and how long since. If physically unable to support her, state how long he has been so, and what the disability is.

That they know from personal knowledge that the said Rosa Jackson was dependent on her said son for support for 10 years next preceding his death; that during this time he actually paid (or contributed towards paying) her the proceeds of his labor about $30 to $40 per year & groceries and provisions and other necessary household expenses, as follows: he being hired out as a laborer on the farms of affiants - and they (affiants) paying the hire or wages to Rosa Jackson, mother - which said hire together with her own efforts, supported claimant.

State what was done with the money contributed by him.

Give here his employment before entering the service, and the sums he contributed weekly or monthly, and the sums since enlistment.

That the amount of the real and personal property of said Rosa Jackson does not exceed ~~is nothing~~ dollars, and that she has no means of support except her own efforts having no other son and is obliged to rely on her own exertions

State whether she receives assistance from other sons, or from any source; or whether she is obliged to rely on her own exertions.

They further swear that their knowledge of the facts above set forth was derived from personal acquaintance of 10 years with Rosa Jackson and her family - and living within mile of her & her family and also from having personally paid the proceeds of her son's hire - his wages to the said Rosa Jackson and that they have no interest, direct or indirect, in the claim of Rosa Jackson for pension.

Allege particularly how they know of the son's contributing to her support.

Signed in presence of { Jacob Pilley, George Rue }

Signatures of identifying witnesses. { Charles Seymore, Richard + Davis his mark }

Subscribed and sworn to before me, this 26th day of October, 1870; and I certify that the foregoing affidavit was read and explained to affiants before they signed the same. and that they are respectable and credible persons

and that I have no interest, direct or indirect, in this claim.

My Dr Sir

I should be glad in any way to serve this poor woman, but the papers are so drawn that it is impossible for her to obtain the support ordered as required by these papers. Some of the facts can be proved by two witnesses & others require an additional witness, as for instances. Mr Hopkins & Mr. Dale know that Rose received the wages of her son, but the Boy was not employed on their farms as the Board seems to require. He was hired to Mr Thos J. Handy on an adjoining farm.

There are other defects in the papers, Rose was not married but lived with her husband as Man & wife. This fact can be proved also by Hopkins & Dale, and there are other errors in the

Letters which cannot be attended except by erasures & interlineations & there is not space for them in the blanks.

You will have the kindness to read the blank to her, & interrogate her as to each separate fact, & kindly whom she can prove it, and then prepare new papers in accordance.

This woman has been divorced seven times before now, with witnesses who could only prove part of the facts and it gives one a great deal of trouble, I could not [illegible] how in if I could be of any service.

In any event I am

Very Respectfully

who had not been sworn in. He brought them to Camp Belger where
they were sworn in. I sent him again & one 2 or 3 weeks
broght another squad of 50. he had Enlisted. After the men were at

PENSION OFFICE,

SIR:

The following are the requirements of this office in the prosecution of claims to Invalid Pensions; and,

In the claim, No. 155,744, of Henry Jones, the requirements for its completion are set forth in the paragraphs marked by a CROSS.

1. The declaration must be made before a court of record, or before some officer thereof having custody of its seal, and if before a *deputy*, it must be so stated and signed, and the declarant's identity proved by two witnesses present with him at its execution; but where the claimant resides more than twenty-five miles from such a court, it may be made before a notary who has been specially designated by this office.

2. The declaration must set forth—

1. The nature and locality of the injury, or the name or nature of the disease, which is the cause of the alleged disability.
2. The time, place, and circumstances under which the alleged injury was received, or the disease contracted; and, in cases of injury from accident, the precise manner, and all the circumstances under which it occurred.
X 3. The names or numbers, and localities of the several general hospitals in which treatment was had for the alleged wound or disease.
X 4. Whether, or not, claimant has been in the military or naval service of the United States since Dec 4, 1865, when discharged from that service in which the alleged disability was received; and, if so, what that subsequent service was, and the dates at which it began and ended, and that he has been in none other than that thus stated.
5. The post office address of claimant, and, in cities, the street and number of his residence.

[If omitted or not satisfactorily stated in the original declaration, the facts or information must be supplied—those of items 1, 2, or 4, by claimant's affidavit, and that of 3 or 5 by a statement over his signature, without oath.]

X 3. The claimant's allegation as to the time, place, and circumstances under which the alleged wound was received, or disease was contracted, must be fully corroborated by the affidavit, or, if still in the service, the certificate, of a commissioned officer of his company or regiment.

4. If such evidence cannot be obtained, by reason of the death or removal to parts unknown of such officers, it must be so stated under oath by the claimant; upon which the affidavit of two comrades of avouched-for credibility, stating their company and regiment, and the means of knowing the facts to which they testify, will be received.

5. If not treated in general hospital, then the affidavit of the regimental surgeon as to the fact, time, and duration of treatment for the alleged wound or disease while in the service, must be furnished; or,

6. If not treated while in the service, the fact must be so stated under oath, and the affidavit of his physician as to the fact, time, and duration of treatment for the alleged wound or disease since discharge, must be furnished.

7. In cases of disease, the affidavit of the family physician, or other competent medical testimony, is required—

1. As to sound bodily health and freedom from the particular disease alleged at enlistment.
2. As to the fact, time, and duration of all the treatment administered for the alleged disease from discharge to the present time.
3. That the alleged disease or disability has not been, nor is not now, aggravated or prolonged by intemperate or other bad habits.

8. In cases of rupture, the affidavit of the family physician, or other competent medical testimony, as to its non-existence at enlistment is required.

9. Testimony herein required may be taken before any officer authorized to administer oaths, his official character and signature being authenticated under seal of the proper officer.

N. B.—A medical examination will not be ordered, except in extraordinary cases, until the validity of the claim shall have been otherwise established.

Respectfully, yours,

H. Baldwin

STATE OF Maryland. }
COUNTY OF Wicomico } 83.

On this day of , A. D., 1870, before me, a in and for the County and State aforesaid, duly authorized to administer oaths, personally appeared John + , Post Master residing at Barren Creek Springs County of Wicomico and State of Maryland and Thomas Jackson residing at Barren Creek Springs County of Wicomico and State of Maryland and James Bowen residing at Barren Creek Springs Wicomico Co. Md. persons whom I certify to be credible witnesses, and, being duly sworn, declare that they are, and have been for the years last past, well acquainted with Biddy Johnson, an applicant for a mother's pension, and with William Johnson, deceased, late a Soldier of Company K, 9th Regt. U. S. C. T., and know said applicant to be the mother of said deceased, and that said deceased died leaving neither wife nor minor child; that on or about the day of , 185 , the father of said deceased, the husband of claimant died of fever and claimants was on or about the day of 186 married to Daniel Johnson who was a Slave up to the time her aforesaid Son went in the Army and was consequently unable to support Claimants as his earnings all went to his Master and Daniel Johnson the 2nd husband died in the Government Service, not in the Army —

State here whether the father died or abandoned the mother, and how long since. If physically unable to support her, state how long he has been so, and what the disability is.

That they know from personal knowledge that the said Biddy Johnson was partly dependent on her said son for support for fifteen years next preceding his death; that during this time he actually paid (or contributed towards paying) her rent, buying her provisions clothing

State what was done with the money contributed by him.

and other necessary household expenses, as follows:

and said John + Postmaster, says he opened a letter from said deceased received from him while in the Army, and gave 100 contained therein to the mother, said Biddy Johnson — And 2d named affiant said Thomas Jackson, says that he employed said deceased, and on the order of said deceased, gave to his mother said Biddy Johnson, (before enlistment of her said son) Corn, meat and provisions and other money — and 3d named affiant said James Bowen also employed said deceased before his enlistment — and on his order, gave some 15 or 20 times, corn, meat & provisions

Give here his employment before entering the service, and the sums he contributed weekly or monthly, and the sums since enlistment.

That the amount of the real and personal property of said Biddy Johnson does not exceed Twenty dollars, and that she has no means of support except her own exertions — having no other Sons, except two small boys aged respectively 12, and ten years of age

State whether she receives assistance from other sons, or from any source; or whether she is obliged to rely on her own exertions.

They further swear that their knowledge of the facts above set forth was derived from personal acquaintance, and on the part of 1st named affiant from having seen the money sent by letter from deceased to his mother after his enlistment and on the part of other affiants from having employed said deceased before his enlistment and having given part of the proceeds of the said labor to his mother

Allege particularly how they know of the son's contributing to her support.

and that they have no interest, direct or indirect, in the claim of Biddy Johnson for pension.

PENSION OFFICE,

May 10 . 1871.

SIR:

The following are the requirements of this office in the prosecution of claims to Invalid Pensions; and,

In the claim, No. 146, 270, of Hampton Jones, the requirements for its completion are set forth in the paragraphs marked by a cross.

1. The declaration must be made before a court of record, or before some officer thereof having custody of its seal, and if before a *deputy*, it must be so stated and signed, and the declarant's identity proved by two witnesses present with him at its execution; but where the claimant resides more than twenty-five miles from such a court, it may be made before a notary who has been specially designated by this office.

2. The declaration must set forth—

1. The nature and locality of the injury, or the name or nature of the disease, which is the cause of the alleged disability.
2. The time, place, and circumstances under which the alleged injury was received, or the disease contracted; and, in cases of injury from accident, the precise manner, and all the circumstances under which it occurred.
X 3. The names or numbers, and localities of the several general hospitals in which treatment was had for the alleged wound or disease.
X 4. Whether, or not, claimant has been in the military or naval service of the United States since Jany 15 , 1867, when discharged from that service in which the alleged disability was received; and, if so, what that subsequent service was, and the dates at which it began and ended, and that he has been in none other than that thus stated.
5. The post office address of claimant, and, in cities, the street and number of his residence.

[If omitted or not satisfactorily stated in the original declaration, the facts or information must be supplied—those of items 1, 2, or 4, by claimant's affidavit, and that of 3 or 5 by a statement over his signature, without oath.]

3. The claimant's allegation as to the time, place, and circumstances under which the alleged wound was received, or disease was contracted, must be fully corroborated by the affidavit, or, if still in the service, the certificate, of a commissioned officer of his company or regiment.

4. If such evidence cannot be obtained, by reason of the death or removal to parts unknown of such officers, it must be so stated under oath by the claimant; upon which the affidavit of two comrades of avouched-for credibility, stating their company and regiment, and the means of knowing the facts to which they testify, will be received.

5. If not treated in general hospital, then the affidavit of the regimental surgeon as to the fact, time, and duration of treatment for the alleged wound or disease while in the service, must be furnished; or,

6. If not treated while in the service, the fact must be so stated under oath, and the affidavit of his physician as to the fact, time, and duration of treatment for the alleged wound or disease since discharge, must be furnished.

7. In cases of disease, the affidavit of the family physician, or other competent medical testimony, is required—

1. As to sound bodily health and freedom from the particular disease alleged at enlistment.
X 2. As to the fact, time, and duration of all the treatment administered for the alleged disease from discharge to the present time.
3. That the alleged disease or disability has not been, nor is not now, aggravated or prolonged by intemperate or other bad habits.

8. In cases of rupture, the affidavit of the family physician, or other competent medical testimony, as to its non-existence at enlistment is required.

9. Testimony herein required may be taken before any officer authorized to administer oaths, his official character and signature being authenticated under seal of the proper officer..

N. B.—A medical examination will not be ordered, except in extraordinary cases, until the validity of the claim shall have been otherwise established.

Respectfully, yours,

H. Baldwin

the Pension Bureau reports that—

"The cause and date of the soldier's death must be more fully established, in accordance with the following instructions:

"1st. If the death resulted from *wounds or other injury*, the nature of such injury, and the particular circumstances under which it was received, with the date, should be fully shown by the certificate of some commissioned officer in actual service, or by his affidavit if he be out of service, he being careful to state the source of his information. But if the soldier died of *disease*, *medical* testimony as to its nature and origin must, if possible, be furnished; and if the disease was of such a character that it might have existed prior to enlistment, or have been induced or aggravated by the personal habits of the soldier, the evidence showing whether such was the case should be full and definite. The statements of *civil* surgeons and physicians must be verified by oath, their professional standing being certified. giving date of death of the soldier

"2d. If it be shown that the testimony above referred to cannot be obtained, the facts may be proved by the affidavits of other credible persons having the requisite knowledge, and stating their means of information.

"3d. If the soldier died away from his regiment, (unless discharged or in hospital,) his furlough, or other official paper showing cause for such absence, must be furnished; and also proof as to his physical condition from the time of leaving the regiment to the date of death.

"4th. In all cases deponents should state as to their interest in the claim, and their credibility should be duly certified. The person administering the oath must certify as to his interest, and his signature and official character must be duly authenticated under the seal of a court of record."

WAR DEPARTMENT,

BUREAU OF REFUGEES, FREEDMEN, AND ABANDONED LANDS,

Washington, June 1, 1871.

CIRCULAR LETTER]

Many claims of colored soldiers, sailors, and marines have heretofore been collected for the claimants without charge to them. An appropriation was asked of the last Congress for the continuance of this work as well as for the payment of bounties. The estimate of the Commissioner was reduced more than one-half in the House of Representatives. It will therefore be necessary to discontinue the collection of claims without charge on the first of July next. If, however, the claimants desire, this Bureau will collect their claims, deducting from each the fee allowed by law to attorneys to pay the necessary expenses.

By Joint Resolution of Congress, approved July 26, 1866, the following scale of fees is prescribed: "For the preparation and prosecution of claims for, and the collection and remittance of, all sums not exceeding fifty dollars, the sum of five dollars; for all sums exceeding fifty and less than one hundred dollars, the sum of seven dollars and fifty cents; and for all sums exceeding one hundred dollars the sum of ten dollars." The expense of necessary notarial fees will be borne by the claimant.

But any claimant whose claim has been filed through this Bureau, and is now pending, may designate any other agency for the prosecution of his claim, when all papers on file relating to the case will be transferred to said Agent on the written application of the claimant. All who desire to transfer their claims to other agents are requested to do so without delay.

Mr. Timmons has Mr. Madison Brown's acknowledgement for his son John D. Brown of receipt of $45. for you upon your receipt for $50. which you signed Sept. 18th 1868.

So that Mr. Brown received $45. for you which would be all that was due you.

Dear Sir

Harriet Marsh recd your letter a few days past. Harriet and her children live in my family. I have questioned her in regard to the birth of her children and have no doubt but what she has given the correct dates of births. The children all appear to be perfectly healthy. I will remark it is a rare thing in this section of the country for a Physician to attend at the birth of a child particularly among the colored people

(ACT OF JULY 14, 1862.—CIRCULAR No. 9.)

DEPARTMENT OF THE INTERIOR,
PENSION OFFICE,

18 July, 1868.

SIR:

In the case of Julia Murray, No. 79640, the cause and date of the soldier's death must be more fully established, in accordance with the following instructions:

1. If the death resulted from *wounds or other injury*, the nature of such injury, and the particular circumstances under which it was received, with the date, should be fully shown, by the certificate of some commissioned officer in actual service, or by his affidavit, if he be out of service, he being careful to state the source of his information.

2. If the soldier died of *disease*, *medical* testimony as to its nature and origin must, if possible, be furnished; and if the disease was of such a character that it might have existed prior to enlistment, or have been induced or aggravated by the personal habits of the soldier, the evidence showing whether such was the case should be full and definite.

3. If it be shown by proper affidavit that *medical testimony* cannot be obtained, the testimony of some commissioned officer *having personal knowledge of the facts*, stating when, where, and under what circumstances the injury was received, or the disease contracted, which was the cause of the soldier's death, giving the name and character of the disease and date of death, will be received.

4. If the soldier was attended in his last illness by a civil surgeon or physician, the affidavit of such surgeon or physician, showing the character of the disease, or injury, and date of death, and his physical condition from the time of leaving the regiment to the date of death, must be furnished, in addition to the proof by certificate, or affidavit, as to the origin of the disease, or injury, above required.

The statements of *civil* surgeons and physicians must be verified by oath, their professional standing being certified.

5. If the soldier died away from his regiment, (unless discharged or in hospital,) his furlough or other official paper showing cause for such absence must be furnished.

6. If it be shown that the testimony above referred to cannot be obtained, the facts may be proved by the affidavits of other credible persons having the requisite knowledge, and stating their means of information.

7. In all cases deponents should state as to their interest in the claim, and their credibility should be duly certified. The person administering the oath must certify as to his interest, and his signature and official character must be duly authenticated under the seal of a court of record.

A strict compliance with the terms of paragraphs No. _____, is required.

14 May, 186 .

SIR:

In the case of ....., No. ....., further proof must be furnished, in accordance with the following instructions:

The law granting pensions to the relatives of deceased soldiers of the war of 1861 gives priority of claim—1st, to the widow; 2d, to the minor children; 3d, to the mother; 4th, to the father; and 5th, to the minor brothers and sisters. In the case of minors, ~~evidence of guardianship~~ must be furnished; ~~also~~, the fact and date of the mother's death ~~or re-marriage shown,~~ and the dates of birth of the wards proved by baptismal or other public record, or by the affidavit of the attending physician; or, in the absence of such evidence, which must be shown, by the the testimony of parties having the requisite personal knowledge, who will state the source of their information; and in the case of a father, or of minor brothers and sisters, the dependence of the claimant or claimants upon the deceased soldier must be proved by evidence analogous to that required in the case of a mother. (See Circular No. 2.)

*WIDOW'S ARMY PENSION.

State of Maryland }
County of Queen Annes } ss:

On this 25 day of October A. D. one thousand eight hundred and sixty five personally appeared before me Alfred Clark (Name and title of Judge or Clerk.), of the Superior Court, Mary Reese (Name of Widow.), a resident of Queens Annes (Post Office.) in the County of Queen Annes State of Maryland, aged 37 years, who being first duly sworn according to law, doth on her oath make the following declaration in order to obtain the benefit of the provision made by the Act of Congress approved July 14, 1862: That she is the widow of Joseph B Reese (Name of Soldier.) who was a Private (Rank.) in Company K (Letter of Company.) commanded by Capt. _____ in the 39th (Number.) Regiment of Md Vols (Cavalry or Infantry. Name of State.) commanded by Colonel _____ of _____ in the war of 1861, who died (Died or was killed.) on the 13 day of September 1865, at Caroline Court House in the ~~County of~~ _____ State of South Carolina that his death was caused by _____. She further declares that she was married to the said Joseph B Reese (Name of Soldier.) on the 16th day of March 1864, at Queen Annes County by Rev — Reese a Methodist minister; that her husband, the aforesaid Joseph B Reese died on the day above mentioned, and that she ~~has~~ remained a widow ever since that period, as will more fully appear by reference to the proof hereto annexed. She also declares that she has not in any manner been engaged in, or aided or abetted the rebellion in the United States. And she further states that she believes there is no public record of her said marriage, and there is no private or family record, and the best evidence she is able to procure of her marriage is the affidavit of two witnesses who were present at the marriage.

SIR:

The following are the requirements of this office in the prosecution of claims to Invalid Pensions; and,

In the claim, No. 154,225, of Wesley Riley, the requirements for its completion are set forth in the paragraphs marked by a CROSS.

1. The declaration must be made before a court of record, or before some officer thereof having custody of its seal, and if before a *deputy*, it must be so stated and signed, and the declarant's identity proved by two witnesses present with him at its execution; but where the claimant resides more than twenty-five miles from such a court, it may be made before a notary who has been specially designated by this office.

2. The declaration must set forth—

1. The nature and locality of the injury, or the name or nature of the disease, which is the cause of the alleged disability.
2. The time, place, and circumstances under which the alleged injury was received, or the disease contracted; and, in cases of injury from accident, the precise manner, and all the circumstances under which it occurred.
3. The names or numbers, and localities of the several general hospitals in which treatment was had for the alleged wound or disease.
4. Whether, or not, claimant has been in the military or naval service of the United States since Oct, 1866 when discharged from that service in which the alleged disability was received; and, if so, what that subsequent service was, and the dates at which it began and ended, and that he has been in none other than that thus stated.
5. The post office address of claimant, and, in cities, the street and number of his residence.

[If omitted or not satisfactorily stated in the original declaration, the facts or information must be supplied—those of items 1, 2, or 4, by claimant's affidavit, and that of 3 or 5 by a statement over his signature, without oath.]

3. The claimant's allegation as to the time, place, and circumstances under which the alleged wound was received, or disease was contracted, must be fully corroborated by the affidavit, or, if still in the service, the certificate, of a commissioned officer of his company or regiment.

4. If such evidence cannot be obtained, by reason of the death or removal to parts unknown of such officers, it must be so stated under oath by the claimant; upon which the affidavit of two comrades of avouched-for credibility, stating their company and regiment, and the means of knowing the facts to which they testify, will be received.

5. If not treated in general hospital, then the affidavit of the regimental surgeon as to the fact, time, and duration of treatment for the alleged wound or disease while in the service, must be furnished; or,

6. If not treated while in the service, the fact must be so stated under oath, and the affidavit of his physician as to the fact, time, and duration of treatment for the alleged wound or disease since discharge, must be furnished.

7. In cases of disease, the affidavit of the family physician, or other competent medical testimony, is required—

1. As to sound bodily health and freedom from the particular disease alleged at enlistment.
2. As to the fact, time, and duration of all the treatment administered for the alleged disease from discharge to the present time.
3. That the alleged disease or disability has not been, nor is not now, aggravated or prolonged by intemperate or other bad habits.

8. In cases of rupture, the affidavit of the family physician, or other competent medical testimony, as to its non-existence at enlistment is required.

9. Testimony herein required may be taken before any officer authorized to administer oaths, his official character and signature being authenticated under seal of the proper officer.

N. B.—A medical examination will not be ordered, except in extraordinary cases, until the validity of the claim shall have been otherwise established.

I received the paper in the case of Marina Roberts, widow of Frisby Roberts. but it is wrong, because she showed have had Edward Lloyd and Elizabeth Key swear to it and not Edward Jones and William Copper because Jones and Copper <u>caut write</u> their names, and it requires two persons who saw her married who can write.

Ask her each of the following questions and have true answers written under each question.

Are Edward Lloyd and Elizabeth Key white people!

Answer }

Can they write their names!

Answer }

Were they present & saw you and Frisby married!

Answer }

Why didn't you get them to swear to the paper instead of Edward Jones and William Copper!
Answer G

A new paper will be sent you which requires that Marina Roberts and two persons who write their names and who witnessed her marriage to Frisby must swear to.
Give me the names of 2 persons who ~~saw her married~~ and who can write who will swear to the paper.

Names here } Mrs Elizabeth Key

Dear sir

I again take the opportunity to address you. It being under favorable circumstances as my brother is going up this evening on the boat to get his money so I write you this note, to inform you that I am in very poor circumstances I have not got any money and my children is nearly stark naked, but it is useless for me to make a repetition of words to tell you my situation for I believe you are aware of it, and so if there is any chance for me to get my money please sir send me word and let me come up and get it for maybe I can get some one to loan me money for that and if there is no chance for me to get it now I dont see how it is for every one else is getting their money but me. and I am sure it is not because I have neglected to do anything you told me to do for I have done all, and answered your questions to the best of my ability, and that is all that can be required. when any one does the best they can, I hoping that there will be no trouble in my getting my money

I remain your true
